Spring Registration Nears 5000 Mark

Outland Speech Highlights College Assembly Monday

Dr. George Outland, currently on leave of absence from the college's social science department, will speak on "American Foreign Policy in an Election Year" at the Spring Assembly Monday, February 18, at 11 a.m. in the first Baptist Church.

Dr. Outland, campaign manager for James Roosevelt's recent bid for the governorship of California, is presently working on a revision of the social science division of the general education program. Under a special grant from the Ford Foundation, Dr. Outland will spend a year co-ordinating past research by members of the social science division and visiting some 25 leading colleges and universities throughout the United States where outstanding social science programs are being offered.

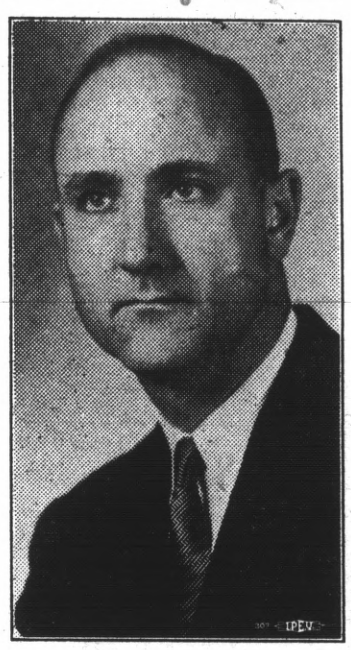

MUSICAL PROGRAM

Monday's program will include selections by both the college orchestra and the A Cappella choir. Mr. Scott O'Neal will direct the orchestra's opening number, the overture to Glinka's "Russlan and Ludmilla." Dr. Roy Freeburg will direct the choir's rendition of "O, Sing Unto the Lord" by Hassler. The orchestra and choir will join forces for a presentation, under the direction of Dr. Wendell Otey, of "The Heavens Are Telling" from Haydn's "The Creation."

Both Dean John Butler, and Don Johnson, president of the Associated Students, will present brief welcoming addresses.

LIBRARY, CO-OP TO CLOSE

Classes will be dismissed at 10:50 a.m. on the day of the assembly and resumed at 12 noon. Both the cafeteria and the library will be closed during the assembly.

DR. GEORGE OUTLAND

'Islam and Communism' Lecture Here Wednesday

Dr. Khalifa A. Hakim, head of the Islamic Institute of Culture, Lahore, Pakistan, will speak on "Islam and Communism" in Frederic Burk auditorium on Wednesday afternoon, February 20, at 4:30. The address will be preceded by a reception and tea at 4 p.m. in the auditorium.

The lecture is co-sponsored by the International Relations club and the American Association for the United Nations.

Two Gators Win All-American Nods

Soccer Coaches Pick Kashevaroff, Holmes

It's official! Word was received recently from the National Soccer Coaches Association of America that Owen Kashevaroff and Pete Holmes have been chosen as members of the All-American Intercollegiate Soccer Team for the 1951 campaign. Both boys were presented with certificate awards signed by the president of the Association, J. Bruce Munro, who is also head soccer coach at Harvard University.

NEXT YEAR'S SQUAD

Pete, a left-half-back, was All-Conference and he will be a central figure on next year's eleven. It is generally recognized that the athletes who register the larger sums of points are given the most recognition; All-American and All-Conference Mr. Holmes failed to score one marker all season.

Playing his initial season of soccer, Owen Kashevaroff was picked as All-Conference goalie earlier this year. Owen, also the squad's co-captain, has one year of eligibility remaining at State. His constant improvement has been a beautiful thing to watch. Owen's blocking and alertness at the goalie spot have brought him the credit that comes with initiative.

"HIGH HONOR"

"This is a great honor for these boys as well as for State. The competition for such an honor is very keen. The selection is a highly objective one designed to bring fairness into such ratings with a minimum of subjective rating. As Area Chairman for the All-American section committee of the Association, I would venture to say that next year with full cooperation from all the coaches the West Coast will be able to place more men in the selections," stated Mr. Art Bridgman, soccer mentor here at San Francisco State College.

Incomplete Tabulations Show Increase Over Last Semester

Incomplete, comparative, registration tabulations released this week by the admissions office reveal that San Francisco State has maintained a consistently high enrollment since 1950, while on the national collegiate scene a sharp, downward trend has developed in the same period.

As of Tuesday, 4556 students had enrolled at the college, 3684 on a full-time basis, 872 limited (under 6 units). On the same day last semester, a 4144 figure was reported, which included 3730 regular and 414 limited students.

John L. Bergstresser, dean of student personnel, states "There has been no significant shift in the 50-50 ratio of men to women in attendance at the college despite demands of the armed forces." Passage of the Universal Military Training bill could drastically alter this picture but has yet to be voted. Installation on campus of the Air Force ROTC program has helped to offset the exodus of draftees.

Veteran enrollment at State, on the wane since 1950, has dropped to 815 from last semester's 1026 and the previous Spring's 1173.

Globe-Trotting Students to Lecture Here

Four of the six French students who left Paris 18 months ago for a tour around the world, with only $5 in their pockets, will tell the story of their experiences at a lecture here sponsored by the I. R. C. The lecture will be held at 1 p.m. Tuesday, February 19, in Frederic Burk auditorium.

Christiane Zeebroek and three of her companions will include in their talk, "World Tour on 5 Dollars" an explanation of how their group, The Pioneer-Messengers, is attempting to pave the way for other college graduates to travel to foreign countries by making their own way with the aid of jobs and concessions on transportation expenses.

QUALIFYING TESTS

The six student Messengers of different nationalities were selected from innumerable candidates by the Armenian House of the Cite Universitaire in Paris by means of a written and oral questionnaire, and an examination of a qualified psychologist.

Their itinerary covered about 40,000 miles which included 514 large cities and 50 countries. The messengers obtained the sponsorship of UNESCO and letters of introduction to the various governments of the world. They solved the problem of earning money quickly in emergencies by making 10,000 postcards, representing the six Messengers, which they sold as souvenirs of their visit.

FIRST STOP

After six months of preparation, the group departed from the Place de la Sorbonne on Sunday, August 27, 1950. A week later they arrived in Switzerland, the first foreign country on their agenda. After almost six weeks delay in Manila, the six students sailed for America on August 26, 1951, exactly one year after their departure from Paris.

Speakers Bureau Plans Broadcast

Barbara Gould and Walt Kintz will represent S. F. State's Intercultural Panel on "San Franciscans United," a radio broadcast sponsored by the Council of Civil Unity tomorrow night at 8:00 over KSFO.

The topic of the program will be introduction to American Brotherhood Week. Kintz and Miss Gould will speak on the relation of our Intercultural Panel to Brother Week, and the appeal of blood donations for "your brother" in the armed forces.

Barbara Gould was elected president of the Speakers' Bureau for the Spring semester at a recent election.

Other officers elected are Robert Preble, vice-president; Terry Rice, secretary; and Walt Kintz, treasurer.

Some of the activities planned for this semester include intercultural panel, round table discussions, debates, oratorical contests, C.O.P. tournament in April, and student congress.

New Weekly Folk Dances

Faculty, staff and students are invited to attend weekly folk dancing sessions in the New Campus Gymnasium, beginning Wednesday, Feb. 20, from 7 to 9 p.m.

Frosh Presidential Post And Board Position Open

Two student body officers have submitted their resignations to the Board of Directors. George Atkins, president of the freshman class, tendered his resignation upon finding it necessary to withdraw from college. The other resignation accepted was that of freshman Member-at-Large Dick Osterude, who has enlisted in the United States Air Force.

President Don Johnson announced that any persons interested in filling the two vacancies may obtain petitions in the student body office, Hut 4A. These petitions are available now, and must be signed and returned no later than 4 p.m., February 25. Upon receipt of these petitions, the Board of Directors will interview and elect the candidates.

Freshmen interested in filing for the position of Member-at-Large must have no more than 32 units and maintain a "C" average.

IT'S TOPS

STATE 65, YMI 52:

Walsh, Duggan Star in YMI Win; Play in Last Home Game Tonight

Paced by the torrid ball-hawking and fast-break work of seniors Johnny Walsh and Kevin Duggan after a cold first half, the Golden Gators exploded to come from behind and whip the Young Men's Institute 65-52 Wednesday night in State's gleaming gym.

DUGGAN BOWS OUT

Tonight both Duggan and Walsh will play their last home game for S. F. State college against the Alameda Naval Air station—one of the area's finest service teams.

Wednesday night's thriller was expected to be a scoring duel between ex-Gator Johnny Burton and Kevin Duggan, the man who now holds the S. F. State scoring record. Duggan led all scoring with 19 points, 16 of which were tallied in the decisive second half. Johnny Walsh followed with 14; Vic Gipson and Al Desin each hit 12.

Burton, slender jump-shot artist, was top man for YMI, scoring 11 points.

DEADLOCK FAST-BROKEN

With the score deadlocked at 30-all in the third quarter, Duggan stashed away a beautiful hook and slipped in a follow-up of an Al Desin set shot to shove State ahead for keeps. A Vic Gipson set shot, outstanding defensive play and ball control by John Walsh culminating in a two-pointer, and a swishing long shot by Gly Mayfield cinched the State lead.

Incredibly cold at the opening whistle, the Gators watched the YMI surge ahead 8-1 at the outset, and lead 16-7 at the quarter. Al Desin, driving guard, kept the Gators in the ball game during the second period with three ice-breaking buckets after both teams whiled away several minutes missing every conceivable type of shot. YMI led 26-21 at the half.

Outscoring YMI 26-21 in the lightning-fast final period, the Gators broke fast and drove past the weary YMI defense once Coach Dan Farmer solved the YMI offensive patterns; the YMI found the range on their long shots, but superior Gator rebounding kept them from catching up. Walsh and Duggan went wild, accounting for 17 points between them during the final period.—L.L.

OFFICIAL COLLEGE NOTICE

All new and re-entering regular students have been given appointments for physical examinations, which are required in accordance with the provisions of the California Administrative Code. (See quotation from the code, below.)

Students who fail to keep these appointments and who have not made advanced arrangements with the Health Center (Anderson 101) for substitute appointments are subject to a $2.00 fine.

Students required to take a physical examination this semester who fail to complete this requirement **before March 15** will be barred from attending classes after that date until they have obtained a clearance from Health Center.

The Administrative Code reads as follows:

"Required Physical Examinations. Except as hereinafter provided, each regular student shall as a condition to matriculation or continued attendance in a state college submit to the health and physical examination required of such students. If the parent or guardian of a minor student, or a student who has reached his 21st birthday, submits in writing a statement that such examination is contrary to the religious beliefs of such student, he shall be exempt from such physical examination other than that required by the college of students taking courses in practice teaching. Whenever there is good reason to believe that any student is suffering from a contagious or infectious disease, he shall not be permitted to attend in the college."

Official college notices will be printed in this space regularly. All material which appears here comes to the Golden Gater directly from the Administration.

Looking Around...

By Robert E. Preble.

Looking around San Francisco State College I see things that bother me. They should bother you, too. But I wonder if they do. If not, they should. So, henceforth each week I'm going to unload some of my worries on you for your consideration. And first off . . .

I'm sick and tired of hearing the student body at State moan about the way its affairs are being run. During the past two years I have heard more wailing and gnashing of teeth over the conditions within the ASSFSC—and to less avail—than I can ever remember.

The cry against the athletic department and its out-stretched palm has been long and loud. I've heard tell that the control of the Associated Students has fallen into the hands of a "fraternity clique." There's another story to the effect that the powers that be are a tight little ring of kow-towers to the administration. The Golden Gater has been accused of everything from slipshod journalism to following the Daily Worker lead. The only thing lacking is for somebody to stand up and put the finger on the real villains of the piece, the Koffee Kommandos of the Ko-op, who, by their refusal to be anything more than noisy drones, are actually responsible for most of the trouble that does exist.

Now, understand me, this is not an apology for the ASSFSC, the Board of Directors, the frats, or anybody else. Some of these gripes are legitimate. There are things wrong with our student body. But even if there are, it still doesn't justify these Koffee Kommandos, these deadheads, who won't contribute anything but chaff to the system they condemn so loudly.

It may be that the control of the Associated Students has fallen into the hands of these afore-mentioned cliques, the muscular P. E. Department may such dry the ASSFSC treasury every time they feel like it, the frats may be an oligarchy, I wouldn't know. But I do know this: if any or all of the above is true, then the fault rests not with those cliques, but with the people who allowed them to come into being.

It all comes back to a trite, very trite, if you please, phrase called "school spirit." And don't hand me that stuff about us being a "trolley college" and nobody having the time to put into student activities. I've been over that jump before, and the argument doesn't hold water. There are too many examples on the other side of the ledger, among them Roosevelt College in Chicago, a real bunch of live wires, except that they never even had an "Old Campus" to start with. Just a defunct hotel. Now they even have a year book!

But us! We've got two, count 'em, two, campuses, some 5000 students, and no yearbook.

Take a case in point. A lot of people right about now are sitting around complaining that they have to buy a student body card this semester. Why? They didn't vote for it. Yet they were too lazy to go out and vote against it. So, in effect they did vote for it. As a matter of fact it's a crime that it had to be voted in for you.

(If you think this column is bitter, wait until next week. I'm coming back with some dope about these favorite gripes of yours, with some facts and figures about how they happened and just who let them happen in the first place.)

Guild Schedules Spring Try-Outs

KRTG, Radio Guild has announced the audition schedules for the Spring semester. Try-outs for Guild activities in radio and television will be held next Tuesday, February 19, and Thursday, February 21, in AB5, at both 1 p.m. and 7:30 p.m.

Assignments are open in acting, announcing, engineering, and writing, along with various administrative positions.

All microphone hopefuls are asked to bring their own audition material; aspirants should supply a minimum of three minutes of copy and a maximum of six.

Writers especially are needed, and prospective radio or TV writers are urged to leave a sample script at AB4, Guild office.

Letters to the Editor

THE BOILER ROOM

"TRUTH OF THE MATTER"

Dear Editor:

I am writing this letter in answer to your editorial of February 5th, because I feel that the students of San Francisco State College deserve to know the truth of the matters involved.

I will first clarify the CAA issue, as this, in my opinion, is not a distortion of the facts, but, a gross misrepresentation of the truth.

First, the CAA meeting of January 15th was approved through the office of the Dean of Women and not in violation of the Dean's Committee ruling as you stated.

Secondly, you said that at this meeting, outside of a thirty-minute monologue by a student on voting, no business was transacted. The truth is that several other items of importance were acted upon, among them, in accordance with a resolution of the Board of Directors, a review of the 10-point plan which sets down the governing rules for all on-campus organizations. I personally consider this quite important, and I am sure that if you read it you will recognize the need for revision.

In regard to your editorial concerning the yearbook, I would like to clarify for you several of the points involved: 1. The statement that the student leaders did not want a yearbook is not true. If you had bothered to check the Board of Control or Board of Directors meetings that concerned the publication of a yearbook, or had spoken to anyone of us who was personally involved, you would have realized this. 2. You said that as a result of not wanting a yearbook and not having a surplus of money that we did not budget for it. The fact is that the yearbook was listed in the budget but that no specific amount of money was allotted to its publication. This was done because the members of the Board did not know what the cost of such a book would be, and, therefore, decided to postpone appropriation until a staff could be appointed and an estimate made. 3. You stated also that by preparing the anticipated book, the senior class officers have taken the easiest way out. This was not the case. The truth is that with the time left it was the best they could do. I think that Dick Sperisen (senior class president) and his staff should be congratulated for the job they are doing. I personally would like to thank them for taking on a task which they had no experience in, with no reward of personal glory involved. The easiest way out would have been to sit back and criticize, and do nothing.

I hope this letter clarifies some of the issues involved.

Yours for a greater State,
Don Johnson,
President, ASSFSC.

Editor's note: The yearbook editorial, "Big Fishes in a Little Pond," was the culmination of a series of discussions with leading members of both the Associated Students and the yearbook staff. Information for the editorial "CAA . . . Sauce for the Gander" was obtained from two prominent State students who attended the meeting but apparently weren't aware of the fact that any important business was being conducted or that the meeting was not a violation of the Deans' Committee ruling.

MISINTERPRETATION

Dear Editor:

In response to your editorial of February 5, 1952, in which you referred to the availability of funds for the establishment of an athletic training table, while insufficient funds were available to produce a worthwhile yearbook, I should like to clarify one point. Although a limited training table was established last semester, no funds derived from the sale of student body cards were allocated for its maintenance.

Sincerely,
Harry Redlick,
Treasurer, ASSFSC.

Editor's note: The editorial in question ('Big' Fishes in a Little Pond) did not claim that student body funds were being used to maintain the athletic training table. The implication was that funds were being made available for the training table from other sources which might also contribute to the production of a yearbook.

New Business 601 Section Offered

The Division of Business announced today that a new section in beginning accounting (business 60.1), 3 units, will be offered at 8 a.m. on Monday, Wednesday and Friday.

In addition to the accounting class, a new section of beginning typewriting (business 20,1), 2 units, has also been opened at 8 a.m. on Monday, Wednesday and Friday.

Registration for these new classes should be made immediately through the Division of Business office, CH210, or directly with Dr. Ascher for accounting, and Dr. Mary Bell for typewriting.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

POOR PAUL was having a fowl time. Even his best gal didn't give a hoot for him. "Wise she hate me so?" he asked his roommate. "Simple, you stuffy old bird—because your hair's always ruffled up! Better try Wildroot Cream-Oil hair tonic. It's non-alcoholic. Contains soothing Lanolin. And does three things: Relieves annoying dryness. Removes loose, ugly dandruff. Grooms hair neatly and naturally all day long. (Even limb-ers up your scalp. And helps you pass the Finger-Nail Nest-er, Test!)" Paul got Wildroot Cream-Oil and now he's a 'owling success. So why don't you take a taxi-dermist to any drug or toilet goods counter to get a bottle or tube of Wildroot Cream-Oil. It's your hair's best friend! And ask for it at your barber shop. Then there's no talon how the chicks'll go for you.

Spring Sports Underway

Baseballers Face Rugged Schedule With Few Vets

Facing probably the toughest, most ambitious schedule in the Gators' baseball history, Coach Dick Boyle's batmen commenced workouts this week on the rain-soaked diamond at the new campus.

Among the formidable foes on the 21-game baseball calendar are Cal, Stanford, USF, Santa Clara, San Jose State, and San Diego State; these are among the best teams in California's amateur baseball.

FROSH OPENINGS

The Gators' '52 roster, although studded here and there with a few experienced men, has its greatest opening for freshmen and transfers on the mound, said Coach Boyle. Ron Kasabian, ex-catcher Stanley Fabiano, and the expert but often indisposed Neil MacDowell represent the entire pitching staff at present.

A small knot of veterans will provide a stabilizing influence on the horsehiders' season. Among these, according to Boyle, Chris Makras, dependable third-sacker, Lennie Kahn, outfielder, and CCSF transfer Bob McCarthy, catcher, will be sure to see a lot of action.

HITTING POWER

Boyle stated that on paper his '52 ball club is stronger hitting and weaker pitching than its '51 predecessor, well known for its ability to hit in the clutch. He encouraged all interested newcomers to try out for the team before the few open positions are filled.

Optimistic Track Athletes Prep For Oncoming Season

The S. F. State tracksters started conditioning with optimism this week, in preparation for their March 15 opener, although the Gators have been stricken quite badly by graduation, the draft, and other related mishaps since last year's FWC champs swept over all opposition.

Strong in the sprints, weak in the weights, and the other departments an enigma, on paper the Gators figure to win at least as many as they lose from the stiff opposition scheduled by Coach Kaufman.

The men who figure highest in Kaufman's plans are his top-notch sprinters, Len Posey and Earl Clayton—each capable of a 9.8 century or a 21.1 220.

RETURNING VETS

Dave Vickers, veteran distance runner; Fred Berensmeier, hurdler; Lionel Brown, quarter miler; Leo Hinkle, broad jumper; and Ira Call and Bruce Duncan, pole vaulters, lead Kaufman's list of returning cindermen.

The middle distances will feature George Kamian, Vic Gipson, and Bobby Frelowe. Distance men signed up are Jim Shettler, Aldo Pardini, and Lynn Ludlow. Dick Cherney and Gene Busby will double on the high jump, and Dick Storer will toss the javelin and run high hurdles.

SEASONED SOPHS

Kaufman banks a great deal on incoming frosh and now-seasoned sophomores to carry the depth necessary to win dual meets.

Gone from the oval are Bob Keropian, four-time FWC broad-jump champ; Charley Parish, high point man in the FWC; O'Hart, pole-vault co-champ; John Walsh, Bustero and a host of other Gator stars.

Strong JVs Score 85 Points to Win

Sporting one of the strongest JV crews in S. F. State history, Joe Moore's capable hoopsters rambled over a high-scoring Booker T. Washington Center quintet to win 84-65, Wednesday night, Feb. 6.

Ron Marenda, driving guard, and George Wehner, hustling center, exploded for 10 points each in the decisive second quarter that put the Gators ahead for keeps, 49-32 at the half. The Bookers had led 18-13 after the first period.

FISTICUFFERS ENGAGED

Idaho Flight Tomorrow, NAS Bopped

Taking to the air to engage Idaho State college's pugilists, Coach Bob Troppman and his fast-developing mittmen will leave tomorrow morning for Pocatello.

The high-flying Gators decided on flight, according to Troppmann, because of the length of time involved in train trips and the ensuing loss of class work.

Boxers making the trip are Milt Swift, John Fawcett, Bob Kaffke, Jerry Crowley or Elliot Jacobs, Dick Fior or Dick Kelly, Dick Storm, and Pat O'Leary. They will be accompanied by Coach Bob Troppman and Assistant Coach Steve Cidoni.

John Fawcett, State's 132 lb. slugger, announced last Monday who he considered to be the prospective world's champion boxer. The champ weighed in at 8 lbs., a boy.

Smashing their way into the win column for the first time this season, the State sluggers reversed an early season setback and trounced the Alameda NAS 4-2 at the new campus gym February 8.

Bobbing, explosive Milt Swift paced the Gator win by decisively drubbing Jose Ortega Swift, lean and supple, is considered one of the area's outstanding ringmen by Assistant Coach Steve Cidoni.

The gym hangers-on agree that Troppmann and Cidoni have pulled the boxers from a poorly-conditioned, green team into one of the better aggregations hereabouts.

Jerry Crowley, 147 pounder, boomed his way to defeat outclassed Bill Clark of the Navy and rugged Dick Storm TKO'd Ed Rickard, Navy's fair-haired boy, in a 160 lb. classic to take the other State bout.

Irish Pat O'Leary of State drew with former Golden-Glove Northern Cal champ Jack Drago in the evening's finale. State John Fawcett drew with Alameda's Bob Zamuppa in the 132 lb. class. Jerry Fritch of the NAS decisioned Jerry Sharpen in a 125 lb. tingling tiff.

Bob Kaffke and Elliot Jacobs put on a good display of ring showmanship before a better than average crowd.

Be Happy- GO LUCKY!

LUCKIES TASTE BETTER!

It takes fine tobacco to give you a better-tasting cigarette. And Lucky Strike *means* fine tobacco. But it takes something else, too—superior workmanship. You get fine, light, mild, good-tasting tobacco in the better-made cigarette. *That's* why Luckies taste better. So, Be Happy—Go Lucky! Get a carton today!

It's good to smoke a Lucky Strike;
It's pleasure without flaw—
'Cause Luckies always are so free
And easy on the draw!

Verducci Releases Eligibility Standards Governing Athletics

Coach Joe Verducci, director of athletics, yesterday released the rules and regulations which will govern the eligibility of athletes for the year of 1952. Each student interested in competing in intercollegiate sports must qualify to the following standards:

1. **Scholastic Requirements:** Any student satisfying the entrance examination of this institution shall be eligible for athletic competition, providing (a) that he is a bona fide registered undergraduate student enrolled in at least twelve semester hours of collegiate work in this institution, and (b) that students enrolled in a previous semester in this or any other collegiate work must have passed ten units of collegiate work in order to be eligible for the current

2. **Freshmen Students:** All freshmen students are eligible to participate in varsity athletics competition.

3. **Transfer Students:** Transfer students accepted by this institution after prior registration in a standard four year institution must complete two full semesters in a junior college, or at S.F.S.C., or one semester at each of a J.C. and S.F. S.C. after leaving the four year institution before becoming eligible for participation in intercollegiate athletics. Individuals arriving from the armed forces are eligible.

4. **Hours of Credit Preceding Semester:** No students, including transfers, shall be eligible unless he shall have passed 10 units for which he has enrolled during the semester of residence previous to participation.

(Note: If a student withdraws during the semester and so makes no complete scholastic record that semester, such student cannot refer to the semester preceding the semester in which he withdrew to establish eligibility qualifications.)

(Exception (a) Students withdrawing without participation in a contest with a standard college or junior college and passing in at at least 10 units at the time of withdrawal, and later returning to S.F.S.C. shall be considered as not having been in residence that semester. Insofar as the above is concerned his eligibility shall then be based on the previous semester. The same provision shall apply to transfers from a junior college.

Exception (b) A student withdrawing after participation in a contest with a standard college or junior college may not refer to the previous semester in establishing eligibility qualifications, except that special cases in which the student withdrawing during the semester for reasons beyond his control may be referred to the Board of Athletic Controls for decision, provided that the student was passing in 10 units at the time of withdrawal.

5. No student may participate if he registers later than four weeks after the first day of registration.

There will be a Junior Varsity baseball team this semester, according to Coach Art Bridgman. Signups are being taken now at the baseball office on the new campus.

Mural Managers to Meet

The first meeting of the Intramural Team Manager's council will be held at the intramural office on the new campus, Tuesday, February 19 from 12:30 to 1:30, according to Intramural Director Bill Harkness.

GIRLS interested in working with Brownie troup. Approximately 2 hrs. per week at Fairmont school. Call DE. 3-0805. Mrs. Edward Thompson. (100 Bemis St., S. F. 12, Calif.)

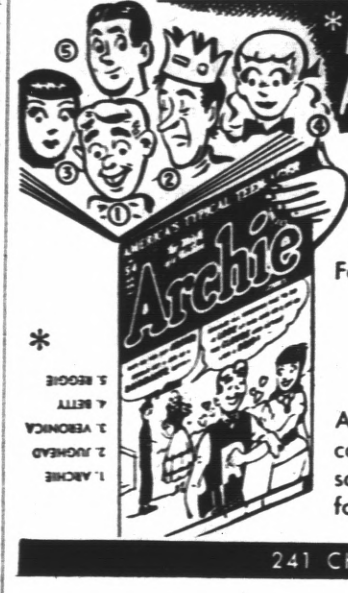

Divot Diggers Round Into Top Form; See High Potential But Need Depth

It is still too early to tell exactly how well State's fairway crew shapes up this year, but with a one par shooter and several high 70 and low 80 duffers there is a potential for a pretty fair golf team.

However, there is still a need for more golfers. According to Golf Coach Guido deGhetaldi there is a place for all students interested in golf. For students who can play a fair game, there is P. E. 69.6, the intercollegiate golf class, from which the golf team is picked. This class carries one full unit of credit.

For beginners there is P. E. 10.I, a one-half unit golf class, which includes professional instruction.

There is a $5 charge in P. E. 10.I. Both classes meet at the Harding golf course on Monday, Wednesday and Friday afternoons. Golf matches are slated for Tuesday and Thursday afternoons.
